CTAM Practice Exercise Briefing Worksheet

1. Does the traffic indicate one or more strategic threats?

2. Name the strongest threat stream:

3. What are your hypotheses for your strongest threat stream?

4. What traffic supports the creation of this threat stream?

5. What research did you conduct to better understand the traffic?

6. Why did you settle on these hypotheses?

7. Were there other hypotheses that you eliminated because they were implausible or disproven?

8. What were your key assumptions for your chosen hypotheses?

9. Did any hypotheses change as a result of your indicators of change list?

10. Did any hypotheses change as a result of the application of the Devil's Advocacy or Red Team analytic methods?
